

FRANKLIN COUNTY AGRICULTURAL LAND PRESERVATION PROGRAM

About Us

The Agricultural Land Preservation Program is a voluntary program that pays the land owner a price per acre for an agricultural conservation easement to be placed on their farm. The county partners with the state to purchase the easements that are placed on the property in perpetuity or forever.

Since the program began in 1990, the county has purchased agricultural conservation easements on more than 160 farms, preserving over 20,000 acres of agricultural land for future generations.

Criteria To Apply

- ✓ At least 35 acres
- ✓ Must have a recorded Agricultural Security Area
- ✓ Farm must have an active conservation plan
