# STEWARDSHIP

The recipient of the Stewardship award seeks sustainable resources, practices long-term planning, and is prudent when using resources. He or she is strong with balancing efficiency and flexibility with fiscal discipline. The employee that exemplifies stewardship is highly trustworthy, detail oriented, fiscally responsible, and has the utmost respect for his or her role within the county and how it affects our residents. He or she is respectful of his or her position, diligent, detail oriented, determined, and has the ability to see the big picture.

This recognition reflects the values we strive to uphold every day by using our resources wisely, reducing waste, and making thoughtful choices that support the county. To me, stewardship means honoring the trust placed in us, acting with intention, and planning for the long term. It's not just about solving today's challenges but building a strong foundation for tomorrow. I'm grateful to be part of this work and remain committed to pursuing sustainable, meaningful solutions that endure.

It's a privilege to collaborate with so many dedicated people throughout the county, and I look forward to continuing this important work together.
